A Rare Opportunity to Own 113 Acres of Luxury, Privacy, and Breathtaking Mountain Views

Welcome to a one-of-a-kind luxury homestead where refined living meets natural beauty across 113 rolling acres of pristine countryside. This exceptional property offers a level of privacy, versatility, and craftsmanship rarely found—perfect for the discerning buyer seeking an upscale primary residence, a family compound, or a private retreat with endless potential.

A Sophisticated Main Residence 
The newly built 2-bedroom, 2-bath primary home blends rustic elegance with modern convenience. With 1,600 sq. ft. of thoughtfully designed main-level living and an additional 1,600 sq. ft. of heated, fully outfitted basement space, this home delivers comfort and functionality in equal measure.

The main living area features a passthrough wood-burning fireplace, rich finishes, with large sliding glass doors for breathtaking views. Just off the kitchen and living room sits a dedicated office, perfect for remote work or creative pursuits. Walk-in closets, durable metal roofing and siding, and a full-length back porch overlooking the hills make this home as practical as it is inviting.

The finished basement is a standout amenity unto itself—equipped with four custom planter boxes, automatic watering systems, drainage, twelve grow lights, and a Pulse environmental monitoring system, all fully managed through a phone app. Separate 200-amp service upstairs and 100-amp service downstairs ensure ample power for every need.

A second kitchenette offers flexible use for guests, hobbies, or entertaining.

A Guest House Ready for Final Touches 
The property includes a spacious 1-bedroom, 1-bath, 1,200 sq. ft. guest house, with cabinetry already installed. With countertops, appliances, flooring, and a toilet as the only remaining items, this space can be completed to suit your design taste. Whether used for extended family, short-term rental income, or a caretaker's residence, the possibilities are endless.

Land That Inspires 
Spanning meadows, wooded hillsides, and panoramic ridge lines, the estate offers two serene ponds, open pastureland, and numerous prime build sites—ideal for creating a multi-home family compound or adding luxury cabins. Wildlife is abundant, with deer and turkey frequently seen throughout the property.
A beautifully maintained long gravel driveway leads you through a remarkable entryway, setting the tone as you approach the home. The elevated positioning of the estate grants breathtaking mountain views from multiple vantage points.

Additional features include:
High-speed fiber optic internet
Multiple build-sites scattered across the acreage offering different views, privacy for family compound or vacation retreats.
