Located in a convenient area and great neighborhood this home could have instant equity with some upgrades. On the main level you will find the kitchen, dining room and living room with gas logs along with a full bathroom with a stand-up shower in what could be a main level laundry room. Upstairs are the 3 bedrooms including the master suite with its own bathroom and balcony. Another laundry room is upstairs in the hallway closet. A great room (which could be used as another bedroom or office) is also upstairs that leads to an enclosed porch over the garage. This home has lots of extra storage space including the shed out back which conveys with the property. Seller has not been able to maintain the property and will be selling it as-is. no repairs will be done, and we have reflected that in the price. DO NOT use the front porch as it is not stable. This property needs work so it will need to be a cash or conventional loan only. See private remarks for how to show the home. Trane heat pump is approx. 10 years old. Gas logs in living room fireplace work. This home has potential to be a very nice home with the required repairs it needs.
