Description

Introducing Brickyard Village - Kingsport's Most Exciting New Community - \$20,000 credit to the first five buyers to use toward design upgrades or a mortgage rate buy-down!

Welcome to the Birch Model on Lot 27, one of the very first homes available in Brickyard Village. Offering 1,728 sq ft of thoughtfully designed living space with 4 bedrooms and 3 full baths, this home blends modern comfort, efficient design, and the energy of a vibrant master-planned community. Inside, a chef-inspired kitchen with quartz countertops, and the efficiency and warmth of natural gas powering the stove, water heater, and HVAC system. Every detail has been carefully selected to balance style, function, and everyday livability.

Brickyard Village spans 50 acres in the heart of Kingsport, transforming the former General Shale site into a dynamic, mixed-use destination. The community will feature single-family homes, townhomes, apartments, and retail spaces, along with amenities designed to bring neighbors together—including a clubhouse, pool, fitness center, walking trails, playground, dog park, pocket park, and a pond with water features. Brickyard Village will connect directly to downtown via a planned ADA-accessible pedestrian bridge over the CSX tracks, offering unmatched walkability. The neighborhood borders Brickyard Park, home to sports fields, a skatepark, and pump track, as well as the new 43-acre Cement Hill Park with trails, overlooks, art installations, and space for concerts. Be among the first to experience the convenience, connectivity, and community spirit of Brickyard Village--where modern living meets downtown access and abundant recreation. For more information, visit www.brickyardvillage.com. Buyer and buyer's agent to verify all information.
