Description

Looking for luxury? Don't miss this one! Originally constructed in 1842, this one-of-a-kind historic estate is more than a home--it's a piece of living history. Spanning over 12,000+ sqft with 7 bedrooms and 8 bathrooms, every inch of this

property tells a story--from hand-formed brick crafted on site to original details that have stood the test of time, including preserved Civil War-era markings, handcrafted stained glass, and architectural elements you simply can't recreate today. This is the kind of property you don't just walk through--you experience it. The scale, the craftsmanship, and the level of detail are impossible to duplicate in today's market without a cost that would far exceed the current value. From hidden passageways and original hardwood floors to thoughtfully integrated modern enhancements, this estate strikes a rare balance between historic integrity and livable luxury.

It's not just grand in size--it's complete in every sense. Designed to be self-contained, this property offers a lifestyle where you truly never have to leave. Every space has purpose, every detail has history, and every upgrade has been carefully considered to preserve what makes this home irreplaceable.

Custom built and designed for both everyday living and entertaining, the property has been expanded to include a stunning great room with 20' vaulted ceilings, a two-story double-sided stone fireplace, an upstairs rec room, a gymnasium, a craft/storage room, executive offices, a second full kitchen with gas appliances, and a 5-car garage.

Situated on approximately 9 acres, the outdoor setting is just as impressive--featuring mountain views, a large covered porch, multiple decks, stone-accented spring-fed ponds, hardscaped patios with pergola, fire pit, outdoor kitchen, basketball court, and a fully equipped mini farm with a 6-stall horse barn and fenced pasture.

The infrastructure is equally exceptional, with a geothermal heating and cooling system(s), generator, irrigation system, natural spring with spring house, 7-bedroom septic, tankless water heaters, central vacuum, security system, exterior lighting, and invisible fencing.

With its expansive layout and unique features, this property offers endless possibilities--from a private luxury residence, a bed & breakfast, destination property, or something entirely your own. This is truly a once-in-a-lifetime opportunity that must be experienced in person.
