Description

Are you searching for the perfect place to call "home sweet home" - a homestead that not only offers comfort and luxury but also delivers majestic mountain views? Nestled in the heart of the Tennessee Valley and framed by the Great Smoky Mountains to the south and the Clinch Mountains to the north, this extraordinary property is the one you've been waiting for. As you make your way up the private driveway, the home immediately commands your attention. Completely and meticulously remodeled from top to bottom, it sits proudly on 3.24 acres, elevated on a gentle hill that showcases breathtaking mountain vistas in front and peaceful countryside views behind. The setting alone is enough to make you pause and take it all in. Stepping through the gorgeous front door, you enter the formal living room, where natural light pours through brand-new windows installed throughout the home. A beautifully designed accent wall features a modern electric fireplace with sparkling glass rocks - creating a warm, elegant, and inviting focal point that sets the tone for the rest of the home. The kitchen is a true showstopper, offering custom cabinetry, glistening granite countertops, and

stainless steel appliances. It flows seamlessly into the expansive formal dining room, perfectly suited for hosting large family gatherings, holiday dinners, or celebrations. Just beyond that, the spacious sunroom becomes a daily retreat, surrounded by windows that frame the natural beauty of the mountains. Whether you're enjoying your morning coffee or unwinding in the evening, this room delivers serenity in every season. The main-level primary bedroom is designed to impress, offering abundant closet space and a stunning en suite bathroom complete with a luxurious soaking tub - your own private spa experience. A second full bathroom completes the main level with both style and convenience. The lower level continues to elevate the home's appeal. As you enter the large finished den, you're welcomed by continuous natural sunlight and a dramatic gas fireplace encased in floor-to-ceiling shiplap, topped with a custom wooden mantle and granite hearth base. This space is ideal for cozy nights in, movie marathons, fun game nights, or hosting friends with ease. With convenient access to the outdoors and the bottom patio area, it's perfect for indoor-outdoor living and entertaining. You'll also appreciate the outdoor storage room off the patio - keeping that space feeling more open and tidy. Two additional spacious bedrooms with generous closets, a third full bathroom, and a fantastic laundry room complete the lower level, offering comfort, functionality, and flexibility. Step outside and the property continues to shine. Enjoy the morning sunrise or host afternoon barbecues on the brand-new wraparound deck, crafted with durable Trex boards and accented with elegant rod-iron railing. The surrounding trees offer privacy and tranquility, while the wide-open acreage provides the perfect space for children or pets to run and play freely. For those needing storage or workspace and the attached 2-car garage isn't enough, the 40x35 detached garage is a dream come true. It offers ample room for vehicles, boats, a camper, or equipment, with four additional covered exterior bays ideal for mowers, farming tools, or recreational gear. There's also a separate shed that adds even more storage convenience. Wow! This property truly offers everything you need, everything you want, and so much more. Conveniently located near the interstate, great schools, shopping, banking, restaurants, and essential amenities, and priced at only \$699,000, this remarkable home is an opportunity you don't want to miss and won't last long!
