Description

Welcome to 595 East Allens Bridge Road -- a spacious brick home located in an excellent Southern Greene County setting offering beautiful mountain views and quality construction throughout. Built by the original owner for his own personal residence, this well-built home offers over 2,280 finished square feet with an additional 1,944 unfinished square feet in the basement, providing incredible potential for expansion, storage, or workshop space.

The thoughtfully designed split-bedroom floor plan offers flexibility with 3 to 4 possible bedrooms and 3 full bathrooms,

including two baths on the main level and one downstairs. The main level alone features 2,112 square feet of comfortable living space, ideal for those seeking primarily one-level living.

Outside, the property continues to impress with a 900 square foot detached brick garage featuring three garage doors, in addition to a convenient drive-under attached garage. A durable metal roof and heat pump add long-term value and efficiency.

While some cosmetic updates may be desired, the home offers solid construction, generous space, and an outstanding location that is increasingly hard to find. With mountain views, quality craftsmanship, and room to make it your own, this property presents an excellent opportunity in Southern Greene County.
