Description

Investor Alert - High-Yield NOOSTR Opportunity in Nashville
One of the most competitively priced non-owner-occupied short-term rental (NOOSTR) properties currently on the market.

This fully furnished, income-producing 3-bed, 3-bath townhome offers the ideal mix of location, design, and investment upside.

With over 1,550 square feet of beautifully curated living space, off-street parking, and a location just 2 miles from Downtown Nashville, this turnkey property is built for STR success. Premium white oak hardwoods, designer finishes, and custom bunk beds elevate the guest experience--leading to higher nightly rates and strong occupancy. It's ready to generate revenue from day one as you take over current bookings.

The real differentiator? Bonus depreciation.
Unlike traditional long-term rentals with a 27.5-year depreciation schedule, qualifying STRs allow for accelerated depreciation--potentially offsetting a significant portion of your purchase price in year one. For buyers who materially participate, this could mean reduced taxable income, stronger cash flow, and higher ROI.

If you're looking for a high-performing asset in one of the country's most profitable Airbnb markets, this opportunity checks every box.
