Description

There are homes built merely for shelter, and then there are those fashioned with the quiet promise of stories yet to be lived. Standing upon 1.84 generous acres beneath an open sky, this newly crafted dwelling welcomes all who cross its covered front porch, as though inviting them from the well-traveled road into a place prepared for seasons of peace and fellowship.

Within, the heart of the home unfolds in one grand gathering place where the living room, dining area, and kitchen are

joined beneath a soaring vaulted ceiling. Light moves freely through the open design, while every conversation, shared meal, and quiet evening finds room to flourish. Just beyond, a sliding glass door opens to the rear patio, where the broad expanse of the backyard stretches before you like an untamed green meadow, awaiting gardens, games, celebrations, or the simple pleasure of watching the day surrender to twilight.

The primary suite serves as a restful retreat at day's end, complete with a spacious walk-in closet and an en suite bath crafted with thoughtful detail. A beautifully tiled shower, double vanity, and refined fixtures lend an air of quiet luxury without sacrificing comfort. Across the hall rests a versatile flex room, ready to answer whatever calling its next steward may have--whether a private office, generous pantry, craft room, reading nook, or additional storage.

Below, the walkout basement offers the rare gift of possibility. A finished bathroom is already in place, while the remaining space stands ready to become whatever your imagination requires. Picture a welcoming den warmed by laughter, a home gym where new goals take shape, a workshop for the craftsman, or rooms designed for guests and gathering. The doors open directly to the expansive backyard, seamlessly connecting indoor comfort with outdoor living.

Clad in striking vertical vinyl siding that lends both character and enduring appeal, this home is more than newly built--it is newly begun. It waits not only for furniture within its walls, but for birthdays celebrated beneath its roof, holidays shared around its table, and countless quiet mornings upon the front porch as the world awakens. Here, upon these 1.84 acres, the first chapter has been written. The rest of the story belongs to those who will call it home.
