Description

2 Houses on 4.98 Acres for one money. All info in the listing is combined information such as but not limited to square footage, number of bedrooms and baths and etc... the floor plan on both houses are identical. The lower house is a 3

Bedroom, 1.5 Bath house. The upper house is a 2 Bedroom 1 Bath house. One does have a basement and the other is one level. This would make excellent rental property with the potential to add more houses. Both houses do have very open floor plans, and both have cathedral ceilings. This would also be the ideal situation for 2 families wanting to live beside each other. This property will potentially (not guaranteed) qualify for an FHA Loan as long as both properties are Occupied by Family members and not used for rentals. The houses are in great condition and move in ready.
