Description

Looking for space, privacy, and true multi-generational functionality? This beautifully maintained home offers a rare layout with a spacious main residence plus an attached 1 bedroom, 1 bathroom apartment--ideal for extended family, guests, in-

laws, adult children, or potential rental flexibility.

The main home features 4 bedrooms and 3 bathrooms, with nearly everything conveniently located on one level. The only exception is the finished room over the garage, which includes a flexible bonus space and an attached full bathroom--perfect for a private bedroom, office, hobby room, or guest suite. Inside, you'll find fresh paint, tasteful wallpaper accents, generous living spaces, and a warm, inviting feel throughout.

The kitchen offers oak cabinetry, a large pantry, and upgraded white glass appliance package with sleek black accent trim for a clean, coordinated look. The formal dining room serves as a beautiful central connection between the main home and attached apartment, creating an ideal setup for two families to gather and dine together while still enjoying separate living areas.

The attached apartment is a standout feature, offering vaulted ceilings, its own kitchen, laundry area, bedroom, full bathroom, and comfortable living space. Whether used for generational living, long-term guests, or additional income potential, this layout provides flexibility that is hard to find.

Outside, enjoy privacy with barely any through traffic, a peaceful setting, an above-ground pool with multi-level Trex decking, a large storage building, and plenty of parking. The home also includes an attached 2-car garage and a ramp entrance for added accessibility.

A rare opportunity offering space, privacy, flexibility, and multi-family functionality--all in one thoughtfully designed property. Buyers and buyers' agents to verify all information. Subject to errors and omissions.
