Description

Hidden behind mature landscaping on a quiet street, this home offers something that's becoming increasingly difficult to find, space, privacy, and the freedom to enjoy your property the way it was meant to be. Imagine weekends spent cooling off in the pool, evenings gathered around the patio and deck with friends, or sipping your morning coffee while watching

fish glide through the peaceful pond. Every corner of this property invites you to spend more time outside and a little less time rushing through life. Inside, the home carries the kind of character that can't be replicated. Original hardwood floors rest beneath much of the existing carpet. A striking stone fireplace, a den that opens directly to the backyard, creating the perfect space for movie nights, football Saturdays, or entertaining guests without feeling confined. The level yard offers endless possibilities, whether it's backyard games, gardening, pets with room to roam, or simply enjoying the quiet surroundings. Ample storage. Homes today often maximize square footage. This one maximizes lifestyle.
