Description

Great piece of property with wonderful mountain views and nearly 400 feet of road frontage on a peaceful, low traffic country road!

Property features an oversized 2-car block garage (720 sqft) with electricity that would make a great workshop and a century old home that would make for a rewarding restoration project. If restoration isn't in the plans, the home could be used for storage or easily removed to make room for something new with all the utilities already in place.
