only 10 minutes from Watauga Lake. Whether you're looking for a peaceful full-time residence, a mountain retreat, or your next vacation rental investment, this property offers incredible potential.

The existing home has been thoughtfully revived with numerous updates, including all-new plumbing, upgraded electrical breakers, partial rewiring, new baseboard heat, a pellet stove, new water heater, new pressure tank, R-30 ceiling insulation, and additional insulation above the attached two-car garage. A permit for the updated septic system is also on file. The owner has also recently installed an updated electrical panel.

A standout feature is the impressive 40' x 60' (2,400± sq. ft.) three-bay garage/workshop with electricity and high-speed internet service already installed. Perfect for mechanics, hobbyists, contractors, or RV owners, the building includes a motorized 16-foot overhead door and a motorized 9-foot overhead door, providing ample space for equipment, vehicles, boats, or RV storage. If that's not enough, the home also includes additional garage space. If you're interested in challenging yourself with a barndominium style home, this property offers you the framework to start that dream.

The property also features a natural spring that previously supplied water to the home, though the residence is now served by a private well. Enjoy the serenity, privacy, and endless possibilities this unique property provides, whether you choose to enjoy the existing home, continue renovations, or build your dream home in this beautiful mountain setting.
