Description

This 2-bedroom home features a versatile flex space that can function as a third bedroom, studio, entertainment area, or playroom, along with 2,212 square feet of living space and 3 full bathrooms. Built by Orth Homes, this home provides

easy main-level living in the desirable Cottages at Willow Springs Reserve.

As you enter, you'll be welcomed by a warm and inviting living room, highlighted by crown molding throughout. The heart of the home is the kitchen, complete with granite countertops, a tile backsplash, all new appliances (including a natural gas range), ample cabinetry, and a conveniently located pantry.

Just off the kitchen/dining room, a screened-in porch creates the perfect space for relaxing or entertaining and features a natural gas hookup, making outdoor grilling and gatherings both easy and convenient.

The main-level primary suite features a walk-in closet, dual vanity sinks, a large soaking tub, and a separate walk-in shower. The floor plan also provides privacy for the second main-level bedroom, which is conveniently located adjacent to a full bathroom. A generously sized laundry room adds to the home's every day functionality.

Downstairs, a spacious suite with its own full bathroom offers exceptional flexibility as a third bedroom, private guest suite, or entertainment space. An additional 664 square feet of unfinished space provides abundant storage or the opportunity to create a workshop, home gym, or future finished living area.

Since purchasing the home, the sellers have made numerous upgrades, including installing all-new kitchen appliances and a new kitchen sink, updating the ceiling fans and light fixtures, replacing the front entry door, adding a screened-in back porch, installing an Air Ranger Air Cleaning System and an EV charging outlet in the garage, and painting the interior throughout.
