Description

Discover a truly one of a kind retreat offering privacy, character, and beautiful countryside in a peaceful, secluded setting. This distinctive Spanish style home features 3 bedrooms, 3 bathrooms, and an incredible layout designed for both comfortable everyday living and entertaining.

At the heart of the home is a stunning custom kitchen equipped with a commercial grade refrigerator, raised dishwasher, double ovens, warming drawer, soft close cabinetry, pull out pantry, and thoughtful custom details throughout. The home

also offers a formal dining room, dedicated office space, and an expansive living area overlooking the beautiful courtyard. Heated tile flooring flows throughout much of the home, adding both comfort and timeless style.

Four sets of French doors with built in blinds fill the home with natural light and create a seamless connection to the outdoor living spaces. Both the front and rear courtyards feature impressive 8 to 10 foot fountains, perfectly complementing the home's unique Spanish inspired architecture.

The spacious primary suite offers a private retreat with a large walk in shower and soaking tub. An additional bathroom features a fully accessible wet room design. The oversized two car garage, currently used as a studio, provides excellent flexibility for hobbies, a workshop, creative space, or additional storage.

Year round comfort is provided by a geothermal heat pump along with an outdoor wood stove add on, which also offers the option of providing domestic hot water during the winter months. The property is equipped with approximately 5 kilowatts of solar panels and a battery backup system with over 600 amp hours of lithium battery storage. A massive wraparound porch provides even more space to relax and enjoy the surrounding countryside.

Outside, you'll find a creek running through the property, a 24 by 52 garage or barn, and two camper hookups with a septic system. The combination of usable outdoor space, privacy, and versatile improvements creates opportunities for recreation, homesteading, hobbies, or simply enjoying your own secluded retreat.

A new survey separating the property will be completed with an acceptable offer. Additional acreage is also available for purchase, offering buyers the opportunity to customize the amount of land to fit their needs.
