Description

Rare 72.6-Acre Farm with Abundant Water, Mountain Views & Income Potential!

Discover one of the finest working farms in desirable eastern Greene County. Situated on approximately 72.6 acres of productive pasture and farmland, this exceptional property offers a rare combination of natural beauty, agricultural functionality, and multi-generational living opportunities.

What truly sets this farm apart is its incredible water resources. Horse Creek flows directly through the property, while Blue Springs Branch leads to Broyles Spring providing fresh spring water piped directly to the home. A pond supplies additional water for livestock, making this an ideal setup for farming or ranching.

The land features gently rolling topography with an expansive level section near the road, offering outstanding usability. Established fescue and orchard grass provide quality pasture, and the property is fully fenced and cross-fenced with portions currently used for hay production. Panoramic mountain views complete the picturesque setting.

Farm improvements include a livestock barn with loft and attached shed, an implement shed, and a pole barn with an attached workshop, providing ample storage and workspace for equipment and livestock operations.

The home is configured as an upper and lower duplex with electric meters making it ideal for multi-family living or rental income. The lower level offers approximately 1,755 square feet with 3 bedrooms, 1.5 baths, kitchen, living area and carport leading into the front room. The upper level includes 3 bedrooms, 2 full baths, a kitchen and dining area, a family room, a living room, plus a 378-square-foot unheated sunroom overlooking the beautiful countryside and the spring.

Additional improvements include a 28' x 36' detached 2.5-bay garage/workshop featuring engineered concrete and steel-beam construction. The upper roof deck of the garage can be used for a sundeck or could be enclosed for additional living space.

Whether you're searching for a productive cattle or horse farm, family estate, or investment property with income potential, this extraordinary East Tennessee farm is truly one of a kind.
