Description

Need two complete living spaces in one home? This one truly delivers. Built in 2020, this 4-bedroom, 3-bath home offers nearly 2,900 finished square feet with a full living area on each level, making it an excellent option for multi-generational

living, extended family, guests or anyone who wants added privacy and flexibility.

The main level offers more than 1,800 finished square feet with an open-concept layout, hardwood flooring, tray ceilings and a gas fireplace. The kitchen features granite countertops, an oversized island and a large walk-in pantry. The primary suite includes a tray ceiling, oversized tiled shower, double vanity and a large walk-in closet with direct access to the laundry room. Two additional bedrooms and a full bath complete the main level.

The finished walkout lower level is what truly sets this home apart. Rather than a typical basement, it offers a full second kitchen, spacious family room, fourth bedroom, full bath, abundant natural light and separate access with a drive-under garage--creating a true second living area that is already finished and ready to use.

Enjoy peaceful pastoral views from the covered deck or covered patio below, along with a two-car main-level garage, drive-under garage, generous storage and home theater system. Basement furniture and zero-turn mower also convey. Conveniently located near historic downtown Jonesborough with easy access to Johnson City and no HOA.
