maintained 3-bedroom, 1.5-bath home offers 1,296 square feet of comfortable living space with the major improvements already completed, allowing you to move in with confidence.

From the moment you arrive, you'll appreciate the curb appeal of this classic brick ranch, complete with covered front porch, attached carport, mature landscaping, and a quiet setting surrounded by established homes. The spacious living room welcomes family and friends, while the oversized eat-in kitchen offers generous cabinet and countertop space, making meal preparation and entertaining effortless. Just off the kitchen, the expansive bonus den provides incredible flexibility and can easily serve as a second living area, media room, home office, playroom, or hobby space--giving your family the extra room everyone is looking for.

All three bedrooms are generously sized with updated flooring and ample closet space, while the updated bathrooms continue the home's clean, move-in-ready appeal.

One of this home's greatest advantages is the long list of major updates already completed, including updated flooring, windows, roof, HVAC system, and plumbing--giving buyers peace of mind and helping eliminate many of the costly repairs often associated with older homes.

Outside, you'll discover a private backyard bordered by mature trees, creating a peaceful retreat for relaxing evenings, family cookouts, gardening, or watching children and pets play.
