So much opportunity awaits with this unique lakefront property! Situated on approximately 3.4 acres, the property offers an estimated 1,000+ feet of lake frontage, creating tremendous potential for investment, redevelopment, recreational use, or a future lake-oriented business.

The property was formerly operated as a popular marina, and according to information provided, the marina was historically well utilized and the boat slips were routinely full. The former marina docks have been removed from the water, giving the next owner an opportunity to bring a new vision to the property.

The property features 18 camper/RV sites.

Additional improvements include a 3-bedroom, 2-bath building that has been used as an office but could potentially serve as a residence, manager's quarters, office, restaurant, or other use, subject to applicable zoning and approvals.

The property also includes a two-bath bathhouse for the campground area and a workshop/storage shed currently used by the groundskeeper for lawn-care equipment and property maintenance.

There is also a former homesite on the property where a residence previously stood before being destroyed by fire, potentially providing another area for future development.

With extensive lake frontage, 18 camper/RV sites, existing rental income, a 3-bedroom/2-bath building, bathhouse, workshop/storage building, former homesite, and a history as a successful marina, the possibilities here are tremendous. Whether envisioned as a campground, RV destination, marina, restaurant, recreational retreat, or other lakefront development, this property provides a rare opportunity for the right investor or developer.
