Mid-Century Modern Charm on a Double Lot

Step into this beautiful 4-bedroom, 3-bath mid-century modern home, situated on a spacious double lot and filled with the

character and craftsmanship that make this style so special. Enjoy being close to city amenities while only paying county taxes.

The main level welcomes you with a large living room featuring stunning vaulted ceilings with original exposed beams. A spacious eat-in kitchen and dual-sided gas fireplace create a warm, inviting flow between the living spaces, while access to the large entertaining deck makes indoor-outdoor living easy.

Also on the main level is a generously sized primary suite with a private bath featuring a new walk-in shower and updated flooring and access to the deck, along with two additional bedrooms and a full bath.

Venture downstairs and you'll find even more space and versatility, including a pantry/storage room, an additional bedroom, another finished room perfect for a home office, hobby room, playroom, or flex space, plus an additional full bath and laundry area.

The lower level also offers a large unfinished space full of possibilities, complete with its own fireplace, and direct access to the backyard. Finish it for additional living or entertaining space, create a workshop, or simply enjoy the abundance of storage.

Outside, the double lot provides plenty of room to spread out and entertain, while a fenced area offers a great space for children or pets. A large covered two-car carport with additional storage adds even more convenience.

And for added peace of mind, the home is equipped with a newly installed Generac whole-home generator.
