The well-appointed kitchen features hard-surface countertops, built-in oven, electric range, microwave, dishwasher, and refrigerator, with all appliances conveying. The adjacent laundry room includes a utility sink, and the washer and dryer convey as well. One guest bedroom on main floor as well or could be used as an office or sitting room.

Upstairs, three additional bedrooms provide exceptional flexibility, including a second potential primary suite with its own full bath. Another full bath features dual vanities, a separate toilet area, and tub. Large walk-in closets, ceiling fans, two attic access points, and a charming loft area overlooking the family room and fireplace complete the upper level.

The expansive basement adds tremendous versatility with a drive-in garage and plumbing already in place for a bathroom, offering the opportunity for a mother-in-law suite, theater, recreation area, or additional living space.
