Description

Privacy, space, and versatility come together in this beautifully refreshed Newport home situated on two connecting lots totaling approximately 10 acres in a gated subdivision. HVAC was replaced just two years ago offering peace of mind for

the next owner. Screened in back porch is perfect for the quiet nights and enjoying your morning coffee.

The property has been completely painted inside and out and has undergone a pre-listing inspection, with careful attention given to maintenance and needed items so the home is ready for its next owner. The main level offers 3 bedrooms and 2 full baths, including the primary suite, along with convenient main-level laundry.

The finished basement adds incredible versatility with an additional bedroom, full bath, second laundry area, private entrance, and plumbing already in place for a kitchen, creating excellent potential for a full in-law suite, multi-generational living, or extended guest space.

Above the attached garage is a bonus room with its own full bath, providing even more flexible living space. The garage is also equipped with a Tesla/EV charging plug.

Outside, enjoy the privacy of 10 acres, a half-court basketball area incorporated into the expansive driveway, and wiring already installed for future driveway lighting. A detached garage has also been started, giving the next owner an opportunity to complete the space to fit their needs. With separate drives to both connecting parcels, generous parking, a private setting, and room to spread out, this property offers features that are difficult to find.

Completely refreshed, thoughtfully maintained, and tucked away behind the gates, this Newport property offers the space and flexibility to truly make it your own.

First half of interior photos are virtually staged.
