Description

Charming brick ranch nestled in a beautiful neighborhood in a great location and loaded with the kind of details that make a house feel like home the moment you walk in! With 1,584 finished square feet, three spacious bedrooms, and two newly remodeled bathrooms, this home checks every box. The welcoming kitchen flows into a dedicated dining area ideal for dinner parties, Sunday brunches, or just everyday family life done right.

Head downstairs where you'll find a generously sized family room that's made for movie nights, game days, or simply unwinding after a long week. The space has a warmth to it that's hard to put into words and even harder to leave.

Step outside and the story only gets better. A two-story deck gives you the perfect perch for morning coffee or evening sunsets. The yard is a gardener's dream plenty of room to grow and a newly purchased shed keeps all your tools and supplies neatly tucked away. The one car garage offers extra wall space to hang everything you need, and the driveway is wide enough to accommodate a camper with room to spare.

Square footage is approximate and should be independently verified.
