Description

Welcome to 1525 Robin Hood Lane, where space, privacy, and an exceptional Johnson City location come together. Nestled among mature trees in the established Sherwood Forest neighborhood, this classic all-brick home offers a

peaceful, private setting while still being centrally located and convenient to everything Johnson City has to offer. With more than 4,400 finished square feet across three levels, there is no shortage of room to live, entertain, work, and make this home your own.

Step inside through the welcoming foyer, where beautiful hardwood flooring and multiple light-filled living spaces give the home plenty of character. A large bay window fills the formal living room with natural light, while an additional sitting area offers even more flexibility. The spacious kitchen features an island, pantry, ample cabinetry, and adjoining dining area. Just beyond, the comfortable den with gas logs opens directly onto the rear balcony with composite decking—an ideal spot to enjoy the wooded surroundings and privacy.

The home features four generously sized bedrooms, including two bedrooms and a full bath on the main level and two additional bedrooms with another full bath upstairs. You'll also find abundant closet and storage space throughout, along with a walk-up attic.

The full basement provides more than 1,100 additional finished square feet and plenty of flexibility for a recreation room, home gym, office, media room, or additional living space. A bathroom has already been roughed in, providing even more possibilities for the next owner.

Outside, the mature trees and established landscaping create a setting that feels tucked away while remaining right in the heart of Johnson City. Enjoy the stone patio, rear entertaining areas, and plenty of outdoor space to relax. Additional highlights include an approximately 5-year-old roof, attached two-car garage, central heat and air, insulated windows, gas logs, hardwood and tile flooring, and public water and sewer.
