Description

Welcome to 3942 Skyland Drive! With 4 bedrooms, 3 bathrooms, 0.54 acres, and over 2,000 finished sq ft, this home offers room to grow and many possibilities! The first floor offers hardwood floors, 3 bedrooms with cedar lined closets, an

eat-in kitchen with stainless kitchen appliances, and a cozy living room with a beautiful stone fireplace. The master bedroom, currently serving the kids, has its own bathroom and two separate closets. Downstairs boasts an additional bedroom, a workshop, and plenty of living space to transform the area into whatever you please, from a basement apartment, to a home gym, to a recreation room! You'll also find dual water heaters installed in 2023 so you'll never have to worry about running out of hot water, a new LG washing machine and dryer installed in 2024, and updated electrical outlets in 2021. The attic was bolstered with blown in fiber glass insulation in 2023 to further control the temperature inside. Outside, you'll find a wooded oasis. The yard was partially fenced back in 2022 with room to expand beyond the fence. By the playset, there is access to electricity, providing the opportunity to plug in outdoor equipment, lighting, or other recreational items.
