Description

Move-in ready and packed with space, this 4-bedroom, 2½-bath home offers a primary suite on the main level, a bright spacious kitchen, and major updates already completed. If you want an older home with character but don't want to take on the big-ticket projects, this one has a lot to offer.

The main level features a primary bedroom with en-suite bath, along with a convenient laundry closet and half bath. The light-filled eat-in kitchen provides plenty of space for everyday meals and gathering and includes all-new appliances. The living room features an ornamental fireplace and updated LVP flooring.

Upstairs, you'll find three additional bedrooms, a full bathroom, and new carpet, providing plenty of space for family, guests, a home office, or hobbies. The flexible four-bedroom layout gives you options that are hard to find in many homes at this price point.

Major improvements completed in 2014 included new windows, doors, plumbing, wiring, roof, and HVAC--many of the expensive and disruptive updates are already done.

Enjoy the outdoors from both the front and back decks, with space for morning coffee, grilling, relaxing, or entertaining.
