Description

Fresh finishes, solid construction, and inviting outdoor spaces come together in this updated all-brick ranch, creating a home that feels practical, polished, and ready for everyday life.

Offering three bedrooms, one and a half bathrooms, and 1,075 square feet on a single level, the efficient layout makes excellent use of every inch. The kitchen has been completely renewed with new cabinets, countertops, appliances, and a stylish backsplash, giving the heart of the home a clean, modern look. New flooring carries the refreshed feel throughout, while newer windows and new interior and exterior doors add comfort and visual appeal. A new composition shingle roof and garage door further strengthen the list of improvements, so your project list can stay pleasantly short.

Outside, two newer patios and a deck provide multiple places to grill, gather, or unwind after a long day. The fully fenced yard offers room to enjoy the seasons, and two storage buildings keep lawn equipment, bicycles, and holiday decorations from taking over the house. Driveway parking adds daily convenience and was recently sealed. Parts of the back yard and side yard has privacy fencing to give plenty of privacy.

Set in Church Hill, the property offers a relaxed residential environment with useful amenities close at hand. Food City simplifies grocery runs, while nearby Bucky Cooper Park provides a convenient destination for fresh air and recreation. With durable brick construction, extensive updates, and an appealing price point, this new listing presents excellent value.
