Description

Completely renovated inside and out brick ranch sitting on 1.5 acres of land.

Inside, four bedrooms, three bathrooms, and over 4000 finished square feet provide a generous setting for daily routines

and memorable gatherings. The seller has completed an extensive remodel, including a new kitchen, new bathrooms, fresh sheetrock, interior and exterior paint, new doors, and luxury vinyl plank and tile flooring. A new heating and cooling system, new mini-split for sunroom, attic and garage insulation, new gutters, and new front picture window add meaningful comfort and efficiency.

The basement expands the home's versatility, offering room for recreation, hobbies, storage, or whatever life brings next. A two-car drive under garage and freshly sealed driveway make parking refreshingly straightforward--because acreage should come with space for the vehicles, too.

New retaining walls, landscaping, porch pavers, and board-and-batten detailing sharpen the exterior's appeal while preserving the peaceful rural atmosphere.

Additional acreage available to purchase.

Attractively positioned for its large lot size, scale, and renovations, it offers exceptional versatility. Call your Realtor today to schedule your showing on this unique property. All information herein deemed reliable but not guaranteed. Buyer/Buyer's agent to verify.
