Description

This four-bedroom three-bath home sits on approximately 28 rolling acres across three separate parcels offering privacy, substantial storage and remarkable long-range views of the mountains, surrounding countryside, Boone Lake and Bristol Motor Speedway.
A pond adds to the picturesque setting while the open acreage offers possibilities for a hobby farm, livestock, gardens, recreation and potential additional homesites. The home is served by public water and a private well is also located on the property. A six-inch public water line and fire hydrant are located along the road.

The approximately 40-by-100-foot warehouse provides nearly 4,000 square feet of storage and workspace. Two large drive-in doors plus a standard-size garage door provide convenient access for RVs, boats, automobiles, heavy machinery, equipment or an extensive workshop. A separate barn offers additional flexibility for agricultural use, livestock, equipment or storage.

Inside the home features generously sized living areas including a spacious kitchen and dining area, a living room with a brick fireplace and a large primary suite. An enclosed sunroom offers additional flexible space. There is an unfinished basement for storage, recreation, a workshop or possible future expansion.

The property feels peacefully removed yet remains exceptionally convenient to the entire Tri-Cities region. Tri-Cities Airport is approximately 10 minutes away with Bristol, Kingsport, Johnson City, Bristol Motor Speedway, Appalachian Caverns and Boone Lake within close proximity.

Whether envisioned as a private country estate, hobby farm, multigenerational property, car collector's retreat or a home base for substantial vehicle and equipment storage this property offers a combination of acreage, views, improvements and location that is increasingly difficult to find.
