Description

Now For Lease! Excellent opportunity to lease an existing, fully equipped restaurant fronting North Roan Street in Johnson City. The property offers approximately 5,270 SF of main-level restaurant space plus 3,334 SF of additional basement space, for a total of 8,604 SF included in the lease.

The restaurant is already outfitted with much of the infrastructure, equipment, furnishings, and service ware needed for restaurant operations. Existing items include two grills and hood systems, multiple walk-in coolers/freezers, approximately

28 tables with chairs and booths, plates, cups, and additional restaurant equipment and furnishings. The existing equipment remains with the property and is available to the tenant at no additional cost.

The dining area offers an estimated seating capacity of approximately 130 guests, while the property provides 45+ on-site parking spaces on approximately 1.4 acres.

An additional 3,334 SF basement is included in the lease, providing substantial additional space for storage and other operational needs without taking away from the main restaurant footprint.
