This beautifully designed Elm Model home, Lot 26, offers 1,884 square feet of thoughtfully designed living space with 4 bedrooms, 2.5 baths, and a craftsman-inspired exterior featuring brick and LP SmartSide siding.

Step inside to an inviting open-concept floor plan filled with natural light. The spacious great room flows seamlessly into the dining area and stunning chef-inspired kitchen, creating an ideal space for everyday living and entertaining. The kitchen features a large island, quartz countertops, pantry, stainless-steel appliances, and a natural-gas range. Luxury vinyl flooring adds style and durability throughout the main living areas.

Every detail has been thoughtfully selected to balance style, function, and everyday livability. Natural gas serves the stove, water heater, and HVAC, adding efficiency and convenience to this beautifully appointed new construction home.

And there's even more to look forward to at Brickyard Village. The community is being developed across approximately 50 acres in the heart of Kingsport, transforming the former General Shale site into a vibrant residential and lifestyle destination. Future development plans call for a mix of single-family homes, townhomes, and retail spaces, along with planned amenities designed to bring neighbors together, including a clubhouse, pool, fitness center, walking trails, playground, dog park, pocket park, and pond with water features.

The neighborhood is planned to connect directly to downtown Kingsport via an ADA-accessible pedestrian bridge over the CSX tracks and is adjacent to Brickyard Park, featuring sports fields, a skatepark, and pump track. The future 43-acre Cement Hill Park is also planned nearby, with trails, scenic overlooks, public art, and space for concerts.

Experience the opportunity to be among the first homeowners in Brickyard Village and enjoy modern new construction in a thoughtfully planned Kingsport community.
