Description

Completely renovated and ready to enjoy, this 3-bedroom, 2-bath brick ranch offers easy one-level living in a quiet location just on the edge of Johnson City. The main living area is open and comfortable, with plenty of natural light and

space to simply enjoy being at home. Refinished hardwood floors, a brand-new open-concept kitchen and a second living space give the home a welcoming layout that works well for both everyday living and hosting guests.

The kitchen was completely renovated with new cabinetry, countertops, appliances, island and lighting, and a dedicated walk-in pantry adds an unusual amount of storage. There's also a separate laundry room and two full bathrooms--including one that was fully renovated and another that was refreshed. Refinished hardwood floors, tile and laminate flooring run throughout the home, with no carpet anywhere.

The renovation went well beyond cosmetics, with a new Trane HVAC system, new electrical panel and meter base, extensive rewiring, new lighting, trim, doors and hardware, fresh paint throughout, and other improvements.

Outside, the covered back deck overlooks the flat yard and creates an inviting spot to relax, grill or gather with friends and family. The covered front porch adds another comfortable outdoor space, while the oversized one-car attached garage provides great everyday convenience. A detached garage and workshop with electricity adds even more room for storage, projects or hobbies.

All of this sits in a quiet neighborhood just on the edge of Johnson City, giving you a peaceful place to come home to without being far from the restaurants, shopping and daily living conveniences you need.
