Description

Set on 1.37 acres in one of Kingsport's most sought-after neighborhoods, this 4 bed, 4 bath home pairs fresh updates with a private backyard retreat. The main level features vaulted ceilings and newly refinished hardwood floors in a modern natural tone. The kitchen offers KitchenAid appliances, a gas cooktop and a breakfast nook, plus a flex space ready for an office, playroom or whatever you need. The main-level primary suite includes a sitting area, his and her closets with closet systems, and a bath with jetted tub, separate shower, split vanities and private water closet. A formal dining room, living room with gas fireplace, laundry and a full bath complete the main floor. Upstairs are 3 more bedrooms and a full bath. The basement has tall ceilings, a finished full bath with shower, some framing already done for additional rooms, ready to finish as entertaining space or an in-law suite. Step off the kitchen onto a Trex deck overlooking a tree-lined, iron-fenced backyard with an in-ground saltwater pool with gas heater, a hot tub, and a flat-stone water feature that cascades through three koi pond levels into a small pool below. Fresh exterior paint, new landscaping, new concrete driveway and sidewalks, and 2 tankless gas water heaters round out the long list of features.
