Description

Looking for a home in the country, near the river with no city taxes? This 2-bedroom home sits off the road on nearly 7 acres, including the additional parcel at 129 007.01. The property offers a level front and side yard, a storage barn, carport, and wooded acreage stretching into the rolling hills behind the home.

Inside, original hardwood floors add character to the living room, hallway, and two bedrooms. The kitchen was remodeled approximately 7 years ago, and additional updates from that time include double-pane windows and vinyl siding with added insulation.

The additional parcel (129 007.01) previously accommodated a manufactured home and has water, electric, and an existing septic system. Buyers interested in the property's future possibilities are encouraged to verify the condition, suitability, and requirements for any intended use of these existing utilities.

Storage building makes a great man cave or she shed. Added storage above has easy access with steps leading to it.

Buyer and buyer agent to verify all information taken from public records and seller. Safe does NOT convey with the property.
