Description

Updated home near ETSU with two bedrooms, two bathrooms, and mountain views from the deck. It sits close to everything Johnson City has to offer, including ETSU, Johnson City Medical Center, shopping, and restaurants. Refinished hardwood floors run through the main level, and the kitchen has a gas stove, granite countertops, a tile

backsplash, and a brand new refrigerator and dishwasher. The HVAC is a couple of years old, and recent updates include a new front door, new blinds in the living room, both bedrooms, and the bathroom, and a new vanity and faucet in the guest bath. Downstairs, the partially finished basement has fresh carpet and refinished stairs, giving you extra living space with room to add a third bedroom. Outside, the wraparound deck was recently stained, the backyard is large and fully fenced, and the garage has electricity for storage or a workshop. A convenient location with updates already done.
