Description

Picture pulling into the very end of a quiet cul-de-sac in Stone Haven and having half an acre to call your own. This 4-bedroom, 2.5-bath, 1,810 sq ft home was custom built in 2024 by Carlyle Construction, and you feel the difference the moment you step onto the covered front porch with its timber posts and stone accents.
The main floor keeps everyone together. The kitchen has white shaker cabinets, granite counters, a farmhouse sink, stainless appliances and a tall pantry cabinet, and the butcher block breakfast table stays with the home. It all opens right into the living room, where an electric fireplace with a stone surround and mantel (also staying) sets the scene for movie nights. The separate dining room off the foyer works just as well as a home office. Come in from the 2-car garage and you land in a mudroom with a spot for shoes, bags and leashes, with a half bath steps away. All four bedrooms are upstairs. The primary bedroom has room for a king bed, a walk-in closet and its own bath with a double vanity. The hall bath also has two sinks, so busy mornings run smoother. One bedroom has a sloped ceiling that makes a cozy guest room, craft room or reading nook. And yes, the laundry room is upstairs where the clothes live, with a utility sink and a window.

Out back, the fenced yard backs up to a wooded hillside, so you look at trees instead of rear neighbors. The concrete patio comes with the canvas gazebo, so you have shade for the grill and dinners outside from day one, plus plenty of grass for a garden or a dog to run. Wondering about the practical stuff? Public water and sewer, all-electric heat pump, and an HOA of just $300 a year. This home fits someone who wants newer construction without the cookie-cutter feel, a big private lot without moving out to the country, and quick access to east Morristown shopping, Highway 25E and the interstate. Hamblen County living, half-acre privacy, and a house built with care.
