Description

For the first time ever, 1694 Pattonville Road is ready for its next owner. This single-level brick ranch sits on 4.45 acres in a quiet holler outside Duffield, backed by wooded hillside, with a wide, open yard out front. It was built like an Abrams

tank, with solid brick construction and good bones throughout, and it has clearly been cared for over the years.

From the moment you step inside, you can feel it. This home has comfort and warmth that can't be staged. It feels like a place where a pot of chicken noodle soup should be simmering on the stove and a warm blanket should be waiting on the couch. The spacious living room has warm wood paneling and a big picture window that brings in plenty of natural light. The eat-in kitchen has an abundance of cabinet storage and room for a full dining table. The home offers 3 bedrooms, including one with hardwood floors. The bath has been updated with a tiled walk-in shower and glass door.

Below the 1,104 finished square feet is a 972-square-foot unfinished basement with an exterior door, plenty of room for storage, a workshop, or future expansion. The real showstopper is outside: a massive detached two-bay garage and workshop on a concrete slab. It has insulated walls, overhead doors with openers, a workbench, a floor drain, and its own electrical panel. There's room for trucks, tractors, toys, and every project you've been putting off.

Privacy, comfort and flexibility. They're all here.
