## Description

Enjoy distant mountain views from the rear flex room and back deck, main-level entry without stairs, and plenty of storage in this Southridge condominium.

Built in 2017, this three-bedroom, two-bath home offers 1,901 finished square feet, with all main living spaces on one level. Vaulted ceilings give the living area an open, airy feel, while hardwood flooring adds warmth. The bright rear flex room offers distant mountain views and direct access to the back deck, an inviting spot for morning coffee, reading, or a home office.

The kitchen features warm wood cabinetry, granite counters, stainless steel appliances, and a pantry. The primary suite includes a walk-in closet and private bath with a double vanity, separate tub, and tiled shower. The bathrooms feature ceramic tile flooring, and grab bars are installed.

An attached two-car garage provides sheltered parking. Accessed from outside the home, the 1,250-square-foot unfinished basement has room for seasonal decorations, hobby supplies, and belongings you want to keep without filling your living spaces.

Historic downtown Greeneville, shopping, and dining are within minutes. Monthly HOA dues are $200 and help reduce exterior upkeep.

Looking for less upkeep without giving up space? Schedule a showing and come see the mountain views and room to spread out for yourself.
