Description

Breathtaking Smoky Mountain Views. Overlooking Beautiful Douglas Lake. Your Dream Home Awaits.

Some homes are beautiful. Others offer a setting so extraordinary that words simply cannot do it justice. Welcome to a remarkable custom-built retreat overlooking Douglas Lake, where sweeping views of the Great Smoky Mountains create an unforgettable backdrop to everyday life.

Perfectly positioned on 1.31 acres in the desirable Applewood subdivision, this stunning home was built in 2019 and offers 3,806 square feet of thoughtfully designed living space. From the moment you step inside, soaring vaulted ceilings, an inviting open floor plan, and expansive windows draw your attention to the scenery beyond. Here, the mountains and lake aren't simply a view; they're part of the home.

At the heart of the home, the beautifully appointed kitchen combines elegance and functionality with quartz countertops, an oversized island, a gas cooktop, built-in double wall ovens, and abundant cabinetry. Even the kitchen windows perfectly frame the mountains. The seamless flow between the kitchen and living spaces makes this home equally suited for quiet evenings and memorable gatherings.

The spacious main-level primary suite is a private sanctuary, offering spectacular mountain and lake views to wake up to each morning. Designed with comfort and luxury in mind, the suite features separate walk-in closets and an exceptional spa-inspired bathroom. Its oversized walk-in shower features multiple shower heads and a freestanding soaking tub within the enclosure, creating a resort-like experience without ever leaving home.

Upstairs offers two additional bedrooms, a spacious family room with its own covered balcony, and two versatile bonus rooms ideal for a home office, fitness space, hobby room, or additional gathering areas. The upper-level covered balcony provides a peaceful retreat, perfect for reading, relaxing, and taking in the gorgeous mountain and lake views.

The outdoor living spaces are where this property truly shines. Step onto the newly installed, 800-square-foot synthetic deck and take in panoramic mountain and lake views. Whether enjoying your morning coffee, entertaining guests, or watching the changing seasons, this is a setting you'll never grow tired of. The lower level also features a spacious seven-person hot tub with 54 jets, purchased new in March 2026.

Practicality meets thoughtful design with a 514-square-foot, two-car garage on the main level, plus a separate basement-level utility garage ideal for lawn equipment or recreational gear. An impressive 2,800+ square feet of unfinished basement space provides exceptional storage and possibilities for future expansion or customization.

Despite its peaceful setting, this home offers remarkable convenience. Located less than a mile from I-40, the property provides easy access to Knoxville, approximately 40 minutes away, and the Tri-Cities region. Great Smoky Mountains National Park is approximately an hour away.

What truly sets this property apart is its extraordinary setting. The ever-changing colors of the Smoky Mountains, the sparkling waters of Douglas Lake, and the peaceful surroundings create an experience that photographs simply cannot capture.

Those breathtaking mountain and lake views are truly what make this home special and one of a kind.
