Description

Ideal for buyers looking for a renovation project or an opportunity to build equity through improvements. Some homes are more than just a house. Offering three bedrooms and two full bathrooms on the main level, this home provides comfortable living space with plenty of room to spread out. The living room features a large picture window that welcomes natural light, while the dining room offers a fireplace that adds character and charm.

Enjoy your morning coffee or evening relaxation on the front balcony, or take the gathering outdoors to the patio area in the back. Parking is plentiful, making it convenient for family and guests.

The basement adds even more possibilities, featuring two finished rooms, a full bathroom, and a separate entrance. Whether you envision guest accommodations, a hobby space, a home office, or additional living space, there is room to make it your own. Additional basement space offers excellent storage or the opportunity for a workshop, including room for storing those home-canned goods!

Outside, you'll also find a fenced area previously suited for a kennel. The heat pump has received a new compressor within the past few months, offering an important recent mechanical improvement.

The property includes 1/2 of Lot 13, along with Lots 14, 15, 16, and 17. Please note: the storage building does not convey. Fireplace condition and operation are unknown.
