Description

One level living, an exceptional floor plan, and a private outdoor living space make this home stand out! Built in 2023, this like-new home features a spacious living room with tray ceilings and a gas fireplace. The kitchen offers quartz countertops, an oversized pantry with ample shelving, a large island, and stainless steel appliances. Just off the living room, the spacious covered back deck offers a peaceful retreat with a ceiling fan, TV hookup, and plenty of room to relax or entertain. Unlike most homes in the neighborhood, this property doesn't back directly up to neighboring homes, providing privacy and peaceful views.Tucked away from the additional bedrooms, the primary suite offers a private retreat of its own, complete with an oversized walk-in closet and a spacious bathroom featuring double vanities, a custom tiled shower, and a separate water closet.

Additional highlights include LVP flooring throughout with no carpet, plantation shutters installed in 2024, and a two-car garage with a heated/cooled storage closet and attic storage. A tall crawlspace provides even more storage space, and the refrigerator, washer, and dryer all convey. Conveniently located on the Jonesborough/Gray border with easy access to Johnson City, Kingsport, and I-26.
