the property and across the street, creating a sense of privacy while remaining just minutes from ETSU, Johnson City Medical Center, shopping, dining, and everyday conveniences. Inside, an abundance of natural light fills the main level, which features solid-surface flooring, a sunken living room with fireplace, and an open connection to the dining area and kitchen. The kitchen offers ample cabinetry along with a newly installed dishwasher, cooktop, and refrigerator. The main level also includes a spacious primary bedroom with a private bathroom and jetted tub, a second bedroom, and an additional full bathroom. Enjoy the convenience of both a welcoming front entrance and step-free access directly from the rear patio into the main level. The walk-out basement adds versatility with its own exterior entrance, living area, kitchen, bedroom, closet, and half bathroom that could be turned back into a full bath.
